Rock Island Arsenal (RIA)

Who We Are

Rock Island Arsenal (RIA) supports the national defense strategy with world-class products and services through: development/ prototyping, manufacturing, integration, testing, logistics support and base operations support. We are actively transforming to meet the needs of the legacy, interim and objective forces of all the Armed Services.

What We Do

Manufacturing:

- Rapid response to War Fighter requirements.
- Engineer and prototype critical low volume/high mix or high volume/low mix items/new systems.
- Provide the Army its only fully vertically integrated metal manufacturing facility.
- Produce towed artillery hydro-pneumatic recoil mechanisms.
- Retain the critical knowledge base for howitzer/gun mount production.
- Partner with and assist private industry.
- Serve as the "honest broker" to private industry for DoD.

Logistics:

- Perform supply depot operations functions.
- Produce tool sets, kits, outfits and mobile shop sets.
- Operate the Army's largest one level storage warehouse in the continental U.S.

Base Operations:

- Support 47 Tenants - 5,647 civilians/143 military.

Our focus:

- Provide premier customer service in order to be the provider of choice for the 21st century warfighter.
- Exceed quality standards through the implementation of Lean Thinking, CP2 and ISO 9000.
- Provide a world class quality of life for everyone living and working on the installation.
